 - 2nd in each pool goes to “B” event
 - 3rd in each pool goes to “C” event
 - 4th in each pool goes to “D” event
- Payouts per event win as noted on draw
- Before each game each team will have practice and draw to the button for hammer. 30 minutes before the draw teams must do a coin toss. Winner of the coin toss may choose color or first or second practice. First Practice will commence 20m minutes before the draw and second practice will commence 10 minutes before the draw. First practice at the Friday 9pm draw will start when the ice is ready. Each team practice consists of each player being allowed to throw 2 practice rocks down and 2 rocks back. **You have 10 MINUTES to complete practice and Draws for hammer.** After practice each team will throw 1 draw to the button to determine hammer. First practice will choose whether they throw their draw for hammer clock wise or counter clock wise. The team practicing second must throw the opposite on their draw for hammer. Each draw must be measured and recorded in inches please. Pin is 0, miss the house is 72. During 1st practice if the team covers the pin or misses the house, a 2nd player must throw the draw again. The total distance for your teams 3 game hammer draws to the button in round robin play will be used for tie breaking/seeding purposes if games for and against do not break the ties. Also the top team in each division based on draw to the button totals will receive a free round of drinks on Sat.

SWEEPING/BROOM RULES

- **WE WILL NOW BE USING THE BROOM RULES FOR CANADA CURLING CHAMPIONSHIPS.** All sweepers must be sweeping with the conforming fabric heads. (Mustard Yellow Pads Numbered)
- Any concerns about players abusing these rules must be brought to Kory and he will deal with the situation. You may not confront teams on the ice during the game.

(NEW) NO TICK RULE – We will be following the no tick rule for this event. The no tick rule has been added to the rules of curling for general play and all championships. If a rock is touching the centre line in the free guard zone and is removed off of the centre line by the opposition with one of the first 5 rocks of the end, the non-offending team has the option to allow the play to stand or remove the delivered stone and return all other stones to their original position.
